# Perseverance

Starting and making an Online Retail business successful takes **hard work, discipline and perseverance.**

# Research

Don't expect to do well just by 'following your passion' and selling products you 'love'.

# Right Platform

Most online retailers hugely underestimate the platform they choose to build their store on. The **platform** you choose can **make or break your online retail business.**

# Marketing

Don't just be another player in your niche.  
**Aim to revolutionise your industry and make an impact, so anyone buying a product from you or from your competitors will have a better experience due to you challenging the status quo and setting the standards higher.**
